

## How to Start an Essay About Your Interests Example

### **Essay Topic:** Travelling

Travelling is one of those few activities that has a kind of reset button in our lives. You go away for a few days or weeks and come back fresh and ready to take on challenges of life head on. Travelling to many people is a matter of convenience, rather than a recreation activity. They only travel when they have an issue to attend to. Travelling is also not for escapists, as many people tend to believe. I used the word 'escapists' not in the literary sense of the word, but rather to mean people who run away from their problems. Travelling is a hobby like any other.
